

*Where Guests are Welcome and Members are Encouraged!*

**TIME:** Sunday, May 26th - 2:00 PM

**PLACE:** See directions below as we are having a summer field trip to Chris George's home.

**PRESIDENT'S MESSAGE:**

Please join us for our next meeting of the Gainesville Bromeliad Society at 2:00 pm on Sunday, May 26 at the gardens of our GBS member **Chris George**. Chris is a skilled and long-time bromeliad grower and is our representative to the Florida Council of Bromeliad Societies. A visit to his collection of plants is instructive and enjoyable. At a past visit to Chris's garden I got many ideas for my own yard. Directions to Chris's home are given below.

Also, please note that our speaker for the GBS meeting on June 23 will be Assistant Professor Gail Hansen of the Environmental Horticulture Department at UF. Gail will speak on "Basic Principles of Landscape Design". David Silverman

**Directions for GBS Members from Chris**

**My address for people who have a GPS :**

27401 NW 182 AVE  
High Springs, FL  
32643

**Directions for everyone else:**

The easiest way to get to my house is to take I75 to exit 399.

Take a right, heading towards High Springs.

Continue until you reach SR 27/41 (Also called South Main Street), take a left.

Continue until you reach NW 182 AVE (Also called Poe Springs Road), take a right.

Drive 1.9 miles until you reach our green mailbox on the left, there will be balloons on the mailbox.

Pass the first house and our property is in the back.

**If anyone has any questions they can call my cell: 352-215-5533**
