

MINUTES OF GAINESVILLE BROMELIAD SOCIETY OF MAY 26, 2019

Howard Frank gave an excellent talk on pests of bromeliads. He referenced EDIS which is the UF/IFAS database on plants.

The business meeting began at 3:25 with the approval of the April minutes.

The treasurer reported that as of May 26 the balance in the account was \$4,761.31, one-half of which was donations for Carolyn. Sandy reported that the tree in Carolyn's honor has been planted but as yet no placard has been placed. Sandy will get information as to when the tree will be dedicated so that we can have a ceremony.

Sandy Burnett announced that the Orlando Extravaganza would be September 20-21 with a plant sale on Saturday.

For the July meeting, Ray Lemieux from Tropiflora will speak – there is no title yet. (Correction – the speaker for June will be Jay Thurrott from Florida East Coast Bromeliad Society).

A head count indicated 19 people in attendance.

Meeting concluded at 4.00 pm.
